Educational aims & objective

This two day paediatric orthopaedic revision course is designed for candidates taking the FRCS (Orth) examination, section 2 (vivas and clinicals) and is entirely hands-on/interactive.

The first day consists of vivas and spotter sessions involving spot diagnoses made on clinical images and radiographs; the second day is devoted to taking histories and examining paediatric patients.

Cancellation policy & filming notice

To view our cancellation policy and filming notice, please visit the ORUK website here: www.oruk.org/event-cancellation-policy

What delegates say about this course

"Overall excellent course. I wouldn't hesitate to recommend this to colleagues at this stage prior to the exam"

"Would highly recommend"

"Excellent cases in both viva and clinical, nice to see these before the actual exam"
