Controversies in decision making for shoulder & elbow injuries

 Wednesday 20 November 2024

 Location: 22 Duchess Mews –
Cavendish Venues, London, W1G 9DT

Educational aims and objectives

This meeting aims to stimulate, develop and challenge the thought processes behind decision making for many of the routine presentations we encounter as well as some of the more complex ones. The sessions are planned to be interactive with opinions regarding these topics welcomed. Leading BESS figures will additionally provide updates on the current state of affairs, research and network planning. The meeting faculty would also welcome participants to bring along challenging or controversial cases relating to the presentations for analysis and discussion.
