Educational aims and objectives

This course is designed for candidates applying for
trauma and orthopaedic ST3 posts in the coming year.

What is included?

- Applicants will have the opportunity to complete two mock interview circuits, under exam conditions with faculty feedback
- Lecture programme will provide a succinct overview of the interview process and teach strategies for doing well at each station
- Candidates will be assigned into groups and will rotate between the interview circuits

What delegates said about this course in 2024

'This course improved my confidence, which is invaluable'

'Great faculty to aid learning'
