Orthopaedic and trauma course for emergency medicine

 10–11 October 2026
 Education Centre, Queen's
Hospital,

Registration fees

Full course:£299

Course convenor:

Mr Krishna Vemulapalli
Consultant Orthopaedic Surgeon,
Barking, Havering and Redbridge University Hospitals
NHS Trust

Educational aims and objectives

This course offers a thorough exploration of trauma and orthopaedics, specifically tailored for professionals working in an Accident and Emergency (A&E) department.

Who is it for?

It is designed for all levels of staff, including SHO's, registrars, ENP's, GPs working in A&E, and A&E consultants seeking to refresh and expand their knowledge.

What to expect?

The first day will consist of comprehensive lectures, allowing for in-depth discussions and the opportunity to clarify key concepts with experienced faculty members. The second day focuses on practical, hands-on experience of plaster application.
